

Vancouver Maritime Museum

Student Prices:

Powell River Elementary Students - \$150.00

Lower Peninsula Elementary Students - \$125.00

Overnight

Every day the Vancouver Maritime Museum charts a different course of adventure for all. Come aboard for fun and knowledge. Discover the rich maritime history and traditions of the Pacific Coast. Step back in time to 1944 on board Canada's famous RCMP St Roch and explore the many permanent and changing exhibits, Children's Maritime Discovery Centre, family activities, and the boats in Heritage Harbour. We are seafaring fun at its best!

Vancouver Maritime Museum programs teach preschool to grade 7 students about the history, science and technology of the maritime world. Our programs complement the BC social studies and science curriculum. Trained education volunteers lead small groups of students through hands-on and participatory activities designed to stimulate creative and critical thinking.

From swashbuckling preschool pirates to coastal explorers, the Maritime Museum brings the world of ships and the sea alive.

Grades 4 to 7

Discover what goes on at the Museum after dark. Spend the night as an explorer, underwater archaeologist or Mountie sailor. Our most popular programs are offered during this unique overnight experience. Includes programming materials, snacks, and a light breakfast.

Overnight programs run from 8:30 pm to 9:00 am.
